A Part Time CFO for Your Business

Your small business will benefit from having a part-time CFO. A part-time CFO can help you to make informed decisions, implement policies and procedures and give your business a complete financial tune up. Maybe you need more financial resources, a lower interest rate, an equity investor or better accounting reports. The part-time CFO can make a business owner's life a lot easier.

How A Part Time CFO May Help Your Business

- Analysis of mergers, acquisitions and re-organizations
- Forecasts of cash flows and borrowing needs
- Budgets and cash flow reports
- Internal financial statements
- Billing, accounts receivables and accounts payable

Small businesses nationwide can benefit from our CFO services
