

A Part Time CFO for Your Business

Your small business will benefit from having a part-time CFO. A part-time CFO can help you to make informed decisions, implement policies and procedures and give your business a complete financial tune up. Maybe you need more financial resources, a lower interest rate, an equity investor or better accounting reports. The part-time CFO can make a business owner's life a lot easier.

How A Part Time CFO May Help Your Business

- Analysis of mergers, acquisitions and re-organizations
 - Forecasts of cash flows and borrowing needs
 - Budgets and cash flow reports
 - Internal financial statements
 - Billing, accounts receivables and accounts payable
